#### PlayTest #1 for Hikari No To

This survey is to be filled in by the participants of the first user study for the IGE Master GamesLab project *Hikari No To*.

The process is as follows: the participant will play at least one game with at least one other player, then they will answer this sheet as truthfully and thoroughly as possible.

#### General plan:

Intro (5 min)
Warm up discussion (5 min) (questionnaire)
Play session (15-20 min)
Discussion of Game Experience (15-20 mins) (questionnaire)
Wrap up (2 mins)

#### **Basic** information

Name (optional, leave blank for anonymous participation)	Age (optional)	Time spent with the game		
	, , ,			
If possible, list the computer system's specificat	ions the gam	e was run on (e.g. either Device		
Model Number, or if possible detailed specs suc	h as processo	or model, system memory size,		
graphics processor, drive type the framework was installed on, operating system, etc.)				
Briefly describe your video gaming habits (how	often/how m	uch do you play, single-/multiplayer,		
game types/genres)				

## General impressions

What was your first impression of the game?
,
Did your impression change as you played? How?
What did you like the most about the game?
·
What did you like the least about the game?
How would you rate the duration of a match?
How did you like the flow of the game?

#### Objectives/Feeling

, ,
Can you describe your objective in a match?
What was your strategy/decision process for winning the game?

Describe your emotional/excitement throughout the game

# Crawler – only answer if you played as crawler

Can you dosc	ribo bow as cr	awler, you cou	ld uso an abilit	v/ckill2 What in	ndicators word	thoro2
Carr you desc	ribe riow, as ci	awier, you cou	id use all abilit	y/skiii: vviiat ii	iluicators were	tilele:
Can you desc	ribe how the m	naster commun	icated with yo	u?		
,			,			
On a scale fro	om 1 (worst) to	7 (best), how 6	enjoyable was	the movement	:/navigation w	ith crawlers?
1	2	3	4	5	6	7
0	0	0	0	0	0	0
_	eem confusing	_				
Willy: Did it S	eem comusing	/restrictive:				
Which crawle	er class did you	nlav as?				
vvineri cravic	i ciass ala you	piay as:				
What did you	like the most	about your clas	is?			
700						
What did you	like the least a	about your clas	s?			
,		•				

# Master – only answer if you played as Master

Can you desc	Can you describe how you could use a fireball or a debuff? What indicators were there?					
Can you desc	ribe how you c	ould move thro	ough the level?	? What indicate	ors were there	?
Assuming you	used master t	teleportation: (	On a scale from	n 1 (worst) to 7	(best), how e	niovable was
		vith the master		, ,	, ,,	,
1	2	3	4	5	6	7
О	0	0	0	0	0	О
Why? Did it s	eem confusing	/restrictive?				
Which master	r abilities did y	ou use?				
How useful d	o vou think ook	h of the chiliti	oc.woc2			
now useful de	o you think eat	ch of the abiliti	es was:			
What did you	like the most	about the mast	ter?			
What did you	like the least a	about the mast	er?			

## Controls/Interface

Do you know where you could look up controls in the game?
Were the controls intuitive or was there anything unclear about the control layouts?
, , , , , , , , , , , , , , , , , , , ,
Was there any information you would have liked to see in the ingame interface?
was there any information you would have liked to see in the ingame interface:
Have did you like the layout of the ingrees intenfered
How did you like the layout of the ingame interface?
Visuals/Audio
What kind of setting did the game convey to you through its visuals and audio?
What did you like about the vicuals/audio?
What did you like about the visuals/audio?
What did you not like about the visuals/audio?

# End recap Overall, what are the three elements of the game you liked the most? Overall, what are the three elements of the game you liked the least? Overall, if you could change one thing, what would it be? Overall, who would you consider the target audience of this game? Additional suggestions Add any additional suggestions, ideas, questions and remarks here

Thank you for your help with this playtest!
